

AIRCREW (PILOT'S) GLOVE

DESCRIPTION and USE

Designed to cope with the exacting standards required by modern pilots, this glove offers high levels of comfort and dexterity. Made from a top grade cape sheep nappa leather processed in the UK and supplied by Pittards, this leather not only has water and sweat resistant properties but through the use of Pittards Armortan® is more resistance to abrasion thus increasing the durability and longevity of the leather by preventing wear on contact surfaces and materials. The glove is table cut in the traditional manner and sewn full pique. It is supplied in both mens and ladies sizes. The ladies sizes are cut from true ladies patterns, not small mens patterns. Southcombe are one of two approved suppliers of this glove to the UK Air Ministry.
