

Firearms Glove

CONSTRUCTION

These short gauntlet length gloves offer a winning combination of protection, dexterity and second skin comfort. The outer shell is made from first grade goat leather and knitted Dupont Nomex jersey. Made with minimal seams on the palm and a double row of elastic on the palm to ensure a firm closure.

PURPOSE

It is designed to offer the wearer a degree dexterity and some limited protection during firearms operational use and training exercises.

LEATHER SPECIFICATIONS

Goat leather specially tanned to be highly tactile in wet and dry conditions.

FABRIC SPECIFICATIONS

Fire resistant jersey knitted Nomex jersey from Dupont with a weight of 300 grams per square metre.

THREAD

Sewn throughout in aramid thread.
